

MUNICH SOVIET REPUBLIC BEEN OVERTHROWN

ARRANGE \$60,000 IMPROVEMENT AT FAMILY THEATER

Entrances on First Street Are to Be Provided.

L. G. Rorer, manager of the Family theatre, will in the near future make improvements to the theatre that will when completed make it one of the most up-to-date theatre buildings in the state outside of Chicago. Mr. Rorer has secured options on enough property adjacent to the present building so that he can enlarge his seating capacity from 800 to 1500 to 1800 people and it is said that the cost of the proposed improvements will be in the neighborhood of \$60,000.

Mr. Rorer has secured an option on the Keyes property facing First street and also on the adjoining building and if it is necessary both properties will be used. The purpose of the First street property is to give the new theatre a First street entrance.

To Enlarge Stage.

When completed the new theatre will have a stage large enough to accommodate the largest shows on the road. There will be installed indirect lighting system, one of the best systems for bringing out the pictures. There will be a fly gallery, horseshoe gallery, so to speak. The present plan is to have a foyer, modern and this will be made as beautiful and attractive as it is possible to make it.

In addition to all there will be installed an up-to-date pipe organ. "When completed," said Mr. Rorer, "my new theatre will be the best equipped and most up-to-date theater in this part of the state." I am throwing my whole soul into this work and I intend to give the people of Dixon something worth while in the theatre line," said Mr. Rorer.

LT. JENNEY IN FINE ADDRESS HERE FRIDAY

"Fighting Chaplain" Inspires Co. Victory Loan Workers.

Every township in Lee County was represented at the initial meeting in behalf of the Victory Loan held Friday afternoon in the circuit court chamber of the court house, and on April 21st the people of this county will be asked to volunteer their subscriptions for this \$6,000,000,000 loan. The polling places will be in vogue again and it is expected that Lee county will raise her quota on the day set aside for receiving subscriptions.

Lieut. Chaplain Ray F. Jenney, known as the "Fighting Chaplain" of Decatur, Ill., fired the first big gun and the report of that gun was plainly heard in every section of the county. Lieut. Jenney was introduced by A. P. Armstrong, cashier of the Dixon National Bank, who presided at the meeting.

Lieut. Jenney Is Fighter.

The first question to arise and the one the average person will ask, "Who is Lieutenant Jenney?" It can be answered that he is a real fighter, a soldier who saw service on the front and who was several times wounded, badly wounded. He served in the Fourth Division, 59th Infantry, was through Chateau Thierry, St. Mihiel and in the Argonne. He was wounded twice—first, by machine gun bullets; second time, by high explosive shell—has had right arm and right leg broken—went into the battle of the Argonne.

HER ESTATE GOES TO GRANDDAUGHTER

Miss Margaret Julien of New York, granddaughter of the late Mrs. Margaret M. Julien of Dixon, is the principal beneficiary in Mrs. Julien's will, which has been filed for probate in the Lee County court by Attorney A. C. Warner, executor. No petition or inventory has been filed, however, and therefore the exact amount of the estate is not known, but it is believed to be about \$35,000.

Mrs. Julien bequeathes \$500 to the First Presbyterian church of this city, of which she was a member; Janet Keast, her niece, who cared for her during her last two periods of illness, is to receive \$300; a similar amount is left to Julien and Jessie Petit, nephew and his wife; and to J. Augustus Julien and Jessie Petit, nephew and niece of her late husband, Mrs. Julien leaves \$200 each; to Elizabeth Raasch, also a niece of her late husband, the sum of \$1000 is bequeathed; and to Eleanor S. Julien, widow of a deceased son, a similar sum is apportioned. To the granddaughter, Margaret M. Julien, the remainder of the personal property and all of the real estate is bequeathed.

Mrs. George Boynton returned last evening from a month's visit with her mother, Mrs. W. C. Dysart in California.

FITZSIMMONS OUT.

Candidate for Commissioner Announces Business Will Keep Him from Making Race for Place in Next Council.

John Fitzsimmons, whose name appears on the ballots as a candidate for commissioner, to be voted at Tuesday's election, this morning withdrew from the race because of business reasons, and he has released all his friends from supporting him. His withdrawal, of course, comes too late for the removal of his name from the ballots and the substitution of the ninth high man in primaries—Joseph E. Miller. It was necessary that the ballots be printed at least fifteen days before election in order that absent voters might, on application, receive their ballots. City Clerk Grover has thus far received about 25 such applications.

ORVILLE DREW IS SUFFERING WITH FRACTURED SKULL

Palmyra Boy in Serious Condition Result of Accident.

Orville Drew, of Chicago, son of Supervisor J. P. Drew, of Palmyra, whose injury was mentioned in yesterday's paper, it was learned today is suffering from a fracture of the skull, sustained when a doctor's automobile collided with the motorcycle on which he was riding. The accident occurred Thursday night about four blocks from St. Luke's hospital, where he was hurried by the doctor whose car was responsible for his injury. Mr. Drew was on special duty for the People's Coal & Gas Co., when the accident happened. The fracture is said to go clear through the brain and nothing definite in regard to his recovery can be told until seventy-two hours has elapsed. Operation for the removal of bone was resorted to upon his arrival at the hospital. He is now conscious, though unconscious when brought to the hospital, and remembers nothing of the accident. His father and aunt, Miss Agnes Prindaville, are with him.

NORTH DIXON H. S. GLEE CLUB IN FINE OPERA LAST EVE

"Bulbul" Presented in Most Pleasing Manner Last Night.

"Bulbul," a very tuneful comic opera, brilliantly staged last night at the Dixon opera house, was easily the peer of entertainments by the North Dixon High School Glee clubs. The efforts of the young people, too, were appreciated heartily by an audience which filled the playhouse and which was quite liberal in showing their appreciation.

Bulbul was a particularly good production for displaying the talent of an especially good cast of characters. The music furnished members of the company an opportunity to best display their talent.

The leading characters were portrayed by Stuart Sennett (Amir), Josephine Smith (Dulbul), Robert Dixon (Caspar), Lucile Frye (Ida), Dorothy Raymond (Lila), Charles Anderson (Alain).

Stuart Sennett, bass soloist, was easily the favorite of the boys. He was the king and easily played his part. Josephine Smith's very delicate soprano (Continued on Page Two.)

Must Drive Slowly—Highway Commissioner James Jenney wants all users of the River Road to drive more slowly over that highway. He states that if this is not done one of these days there will be an accident on the road that will cause the people of Dixon to sit up and take notice.

The city council will meet at 2 o'clock Monday afternoon, April 14, at which time the contract will be let.

The original cost of the improvement in question was figured by City Engineer Nesbitt at \$43,135.46.

The cement-concrete roadway with curbs when needed, in question, will be constructed on Crawford avenue between Second street and Seventh street; on Dixon avenue between Second street and Fourth street; on Dement avenue from Second street to the cemetery gate; Fourth street from Crawford avenue to Dement avenue; Third street from Ottawa avenue to Dement avenue and on Sixth street from Crawford avenue to Ottawa avenue, one block. A public hearing on the construction of a sewer on Jackson avenue was held at 11 o'clock this forenoon by the city council. A number of persons interested in the proposed project were present at the hearing. After all was said and done the council decided to take action on the proposition some time in the very near future.

Reduction on Freight

Director General of Railways Hines has ordered a general reduction of freight rates for road material. This morning E. C. Blackman, representative of the Portland Cement association of Chicago, who was present at the opening of the bids by the city council this morning, received a telegram from his association verifying the above facts. Mr. Blackman was instructed to say that there will be a reduction of 10 cents per ton, effective May 1 and expiring Dec. 31, on rates for road building materials when for use in federal, state, county, parish, township or municipal improvements. This government rate will apply on carload shipments of broken, crushed and ground stone, sand, gravel, slag and chert.

PLAN MEMORIAL FOR ALL LEE CO. BOYS

The Lee County War Mothers' council are contemplating the erection of a suitable memorial, probably a bronze tablet for the Lee county deceased soldiers and sailors who lost their lives in the service of their country in the recent war. Funds for its erection will be raised through public entertainments to be given by the council.

THE FIGHT IS ON.

Supervisors John W. Banks and Charles Ewald Announce Candidacies for Chairmanship of New Board.

With a call for a special meeting of the new Lee Co. Board of Supervisors now in circulation, which meeting for the purpose of organization will probably be held some time during the week of April 21, members of the board are turning their attention to prospective candidates for the chairmanship of the board. Thus far, however, there are but two avowed candidates for that honor, John W. Banks of Brooklyn township, and Charles Ewald of Reynolds having announced their intention of seeking the place.

The voluntary retirement from the board of John P. Drew of Palmyra and E. J. Mannion of Harmon eliminates two men who had been talked of, and Supervisor Joseph McCleary of Dixon, who was a candidate last spring announced to a Telegraph representative last night that he would not seek the place this year. William Brucker of Sublette and A. J. O'Malley of Marion are also among those mentioned for the place.

MURDER CASE TO BE TRIED DURING TERM

Will Be Feature of Term Circuit Court Which Meets Monday.

The April term of the Lee county Circuit court, which will be convened Monday afternoon at 1:30 o'clock Monday afternoon, will be of unusual interest in that the trial of Fonso Lucas and Raymond Johnson, the negroes who are charged with the murder of George Bush, also colored, Nelson on the night of December 6, will in all probability come up for trial. At the January term of the court Judge Farrand granted them a continuance until the present term on the plea of their attorney, Martin J. Gannon, despite the earnest fight against continuance made by State's Attorney Edwards, and the prosecutor will demand that the men be brought to trial during the coming term.

The grand jury, which will have several very important matters to consider, will report Monday afternoon, the following being the personnel of that body: Berge Bergeson, Alto; Lyman Rambo, Amboy; John P. Schafer, Ashton; Isaac H. Schmocher, Bradford; Jacob Michael, Brooklyn; Frank Bates, China; James Devlin and Alfred A. Rowland, Dixon; William M. Ogan, East Grove; Gustav Kramon, Hamilton; Michael Stanley, Harmon; Lewis Deutsch, Lee Center; Mahlon J. Kent, Marion; James Ryan, May; William F. McClanahan, Nachusa; John Strub, Nelson; William G. Andreas, Palmyra; Halver Gilterson, Reynolds; John Gilbert, South Dixon; William E. Easter, Sublette; William Betner, Viola; August Hermann, Willow Creek; John May, Wyoming.

MAN WHO MARRIED AMBOY GIRL HELD CHARGE BIGAMY

John J. Dixon Taken Into Custody By Chicago Police.

Things are developing fast for John J. Dixon, who says he is a first lieutenant, lately from overseas, and regular army man of fifteen years standing. He rests in the detective bureau lockup while detectives try to determine just how many wives he has, last night's Chicago Journal says.

Miss Ottila Clausewitz, pretty 22-year-old nurse, of Amboy, Ill., swore out a warrant charging him with bigamy. She says she went with Dixon to a town near Chicago, which she believes to be Crown Point, Ind., on March 11, and in the presence of three men, was married to him.

Dixon denies they are married. He admits that the Mrs. Dixon at 5330 S. LaSalle street, is his wife and that the five little Dixons are his children.

Detectives suspect that another Mrs. Dixon, who lives at 2515 West Congress street, whom the lieutenant describes as his aunt, may also be a wife. The West Congress street address was the address which Dixon gives as his own.

Feared Aunt's Jealousy

Miss Clausewitz was anxious that their marriage be made public, but the officer asked that it be kept secret because his "aunt" would be jealous at his marriage.

While he was absent, ostensibly "taking some men to Fort Leavenworth for the intelligence department," Miss Clausewitz got in touch with the wife on LaSalle street, learned things and swore out the warrant. She made an engagement to meet her clandestine husband at the LaSalle street station then and introduced him to detectives who had the warrant.

Efforts on the part of the telephone today to establish any family relationship between the parties named in the above story and people residing in Lee county were unavailing.

ILL. LABOR PARTY WANTS BURLESON OUSTED AT ONCE

By Associated Press Leased Wire
Springfield, Ill., April 12.—Removal from office of Postmaster General Burleson, because of his alleged reactionary attitude toward labor, free speech and a free press, was demanded in resolutions adopted by the convention of the Labor Party of Illinois today. The convention by resolution also denounced Harold McCormick of the International Harvester Company who was charged with employing convalescing soldiers from Fort Sheridan on his Lake Forest estate to break a strike of landscape gardeners, and asked for an investigation by the war department.

Endorsement was given by the new party to "a league of nations which will protect the peace which has been won."

Wants Standard Time.

Other resolutions demanded restoration of standard time, employment of soldiers and sailors in road construction, lifting of the allied blockade against the central powers, and that public utilities taken over by the government shall not be returned to private ownership.

Secrecy at the peace conference was denounced and action of the Illinois legislature in defeating the Soderstrom limitation bill was scored.

A vote of thanks was ordered forwarded by the secretary of the convention to the Farmers' Non-Partisan league and trades movements in North Dakota for their interests in the new Illinois party.

The convention voted in favor of forming a national labor party.

Berlin, Friday, April 11.—Reports received from Munich today state that an agreement has been reached between the central council and the communists. This is held to indicate that the moderate elements in the Bavarian capital have gained the upper hand.

The communists declared their readiness to join the central council in an advisory capacity.

From other parts of Bavaria it is reported that the following of the soviet republic leaders is dwindling. According to the Lokal Anzeiger the soviet republic regime has been overthrown in Augsburg, Ansbach, Ingolstadt, Fuerth and the entire upper Palatinate.

YANKS TROOPS IN ARCHANGEL HAVE BOLSHEVIK IDEAS

General March States Their Arguments Are Like Reds.

By Associated Press Leased Wire
Washington, April 12.—Extensive preparation by the Bolshevik government for Russia for a big military offensive this spring were described in official dispatches received here today, based upon a summary of information reaching the Scandinavian countries.

The Bolsheviks were said to be getting ready for an offensive on the Murman front as soon as weather permitted and to be strengthening the forces already facing the allies in the Archangel region.

Bolshevik forces were said to be suffering heavy losses in dead and wounded in evacuating northern Lithuania despite their numerical superiority. Mutinies were reported to be frequent.

By Associated Press Leased Wire
Washington, April 12.—Company I of the 339th infantry was identified today by General March as the unit which recently refused to return to the front line trenches, in the Archangel sector, when ordered to do so by its officers.

A supplementary report to the department on the incident said it was worthy of note that the questions put by the men of Company I to their officers were "identical with the questions which bolshevik propaganda advised that they put to them."

The department has not received copies of the Bolshevik leaflets containing these questions and General March said he was extremely anxious to secure one. "In my long service," General March said, "I don't recall another instance where American soldiers did not want to go into a fight. They always have said 'lead us to it.'"

A report from Murmansk dated March 26 said the Onda bridge on the railroad porth of Murmansk had been rebuilt, restoring communication with the southernmost post of the allies.

While the actual situation of the small commands of the expedition in North Russia is not known General March said their opening of communication to the south over Onda bridge solved any military question since it afforded a direct line for supply and reinforcements. Communication between Murmansk and Archangel is being kept open with the assistance of ice breakers.

General March did not indicate what the latest reports showed as to the present state of discipline among the American force.

Debs was found guilty by a federal court jury here on Sept. 12 last and has been out on bail since.

SPECIAL WAR EXHIBIT TRAIN HERE APRIL 16

Trophies, Including Tanks Will Be Feature of New Loan Drive.

Dixon, on next Wednesday, will have the opportunity of witnessing a special war exhibit train which is touring Illinois in the interest of the Victory Loan. The train will arrive here at 5 p. m. on April 16 from Sterling and will remain here over night. It will depart at 6 a. m. the following day for Rochelle.

The train will be accompanied by a military band which will give concerts at each stop, a detachment of soldiers who have returned from France and many exhibits of war trophies, captured by the Yanks in fierce fighting abroad.

Included in the war trophies exhibit are the latest types of modern cannon, machine guns, airplanes, rifles, helmets and all kinds of war materials.

One of the principal exhibits and one which will undoubtedly prove the greatest attraction of all will be one of the new "whippet" tanks, which the United States was ready to turn out in great numbers when the armistice was signed. The whippet tanks are of the Renault type which helped drive back the Germans in confusion.

NORTH DIXON H. S. GLEE CLUB IN FINE OPERA LAST EVE

(Continued from Page One)

voice came out well in every part she sang. Robert Dixon, tenor soloist, seemed the favorite with the young people and carried his part with perfect ease. Lucile Frye, contralto, had a great deal of poise and was entirely free from embarrassment. Dorothy Raymond, mezzo soprano, was a general favorite, both among the younger folks and their elders as well. She sang her solo parts in a most pleasing manner. Charles Anderson, baritone, carried his part in his usual excellent manner. Carl Santee (Dossy) and Robert Brenner (Justos), court jesters, were very clever and were costumed appropriately.

The chorus work was the subject of much comment. The drills and dances by the young people, who had been drilled for weeks by Miss Erma Forbes, were perfectly executed, although very intricate. The performance of the different groups in the chorus reflected much credit to the work of Miss Forbes and showed more than anything else the weeks of training.

Fine Settings.

The costuming in the entire performance was exceptionally beautiful. The stage settings, arranged under direction of Misses Gaylord and Renwick, were very attractive. The girls were real beauties in their pretty dresses and the boys were jauntily costumed. The stage settings, arranged under the direction of the Misses Gaylord and Renwick, were very attractive.

Included in the program of musical numbers, several stood out in excellence. "Good Afternoon! How Do You Do?" by the chorus maids of honor was an exceptionally good selection. "Bread and Water For a Week," by the chorus girls and peddlers was another pleasing one. The solo, "Love is a Flower," by Bulbul was believed by many to be the real treat in the first act, while "She Speaks No Word to Anyone," by Lilla and maids of honor likewise was pretty.

Second and third act costumes were of more modern times and were equally as attractive as those of the preceding one. Two musical numbers were outstanding features of these acts. "A Soldier's Song," by Alain, Tybalt and chorus was a feature. The girls looked quite charming in their uniforms of white while the boys looked equally dignified in their khaki suits. This number brought forth three curtain calls. The lullaby, "Croon, Silver Moon," by Bulbul, Lilla and maids of honor, was the feature of the whole performance. Special lighting devices were used in connection with this number.

The opera, as a whole, was produced under the direction of Miss Olive Menz and Miss Erma Forbes and surely maintained the standard set by North Side school entertainments. Miss Frances Ackert, accompanist, was assisted by Smith's orchestra. Miss Ackert's part was very difficult but she made a great success of it.

READING DENIES USE OF CABLES AGAINST AMERICA

JAMES W. WATTS FOR MAYOR

In determining the qualifications of a suitable Mayor for the City of Dixon not only ability should be considered but accessibility as well. There can be no question that in both respects James W. Watts answers fully these necessary requirements.

Dixon is going to need an able Mayor during the next four years as perhaps never before. It is easy to see that this period will demand, above other qualifications, a man versed in the law, accessible at all times and able and ready to decide quickly many entirely new problems that are sure to arise. It is well known that law enforcement in any city depends largely upon the initiative of the Mayor.

The four years confronting us will have their problems of reconstruction, following upon the war, that may be as grave here as elsewhere. They will see, no doubt, a new Constitution adopted, materially changing the scope and function of municipal governments and requiring first class legal talent to adapt the city to the new regime. Other changes in great national and local policies will inevitably cause local disturbances that will require legal ability and heroic determination to cope with. All these demand a Mayor who may be reached at any moment, who will know what the law is, who will appreciate the methods of its best enforcement and who will direct it to be done and heartily co-operate with other officials in this respect.

Mr. Watts has a law office at one of the most prominent corners in the city. Here he is always to be found. Nothing could be more important than that the chief executive of the city should be accessible at all times during business hours. In the occasional crises that arise it is imperative that he be easily reached. If Mr. Watts is elected Mayor the public will be assured at all times a courteous welcome and a quick and ready response to their demands.

Yesterday a good Maxwell ---Today a better one

THAT is the policy of the Maxwell Motor Company.

It began five years ago on a single chassis plan and today 300,000 Maxwells have been built on this program.

Not 300,000 Maxwells identically alike—for that would be admitting that the car has never improved in five years' time.

More than 1000 refinements have been made in the Maxwell.

But the original chassis plan was not changed. It has simply grown better as the days went by.

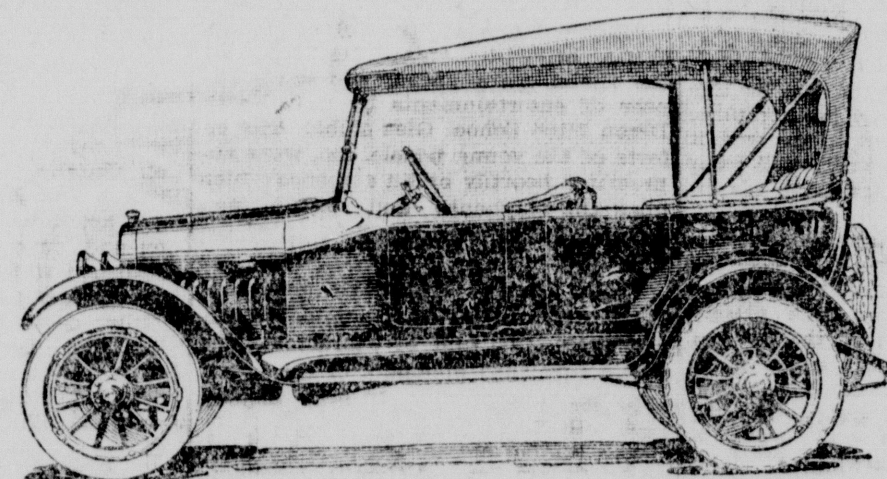

The logic of building one thing and thus building it well is too clear, too sound, too emphatic in results to argue against.

Like any fine piece of machinery the Maxwell seems to improve with age. It runs on and on without end. We have never heard of a Maxwell salvaged.

There is no car with a better road ability record. And it saves many a thrifty dollar by shying at the repair shop.

This Maxwell you see today is not a new Maxwell; though many persons have thought so. It has been so much improved in appearance that our contemporaries in the trade repeatedly refer to it as the new Maxwell.

However, good looks have not in any way handicapped its running. And the latter is the main thing, after all, in a motor car.

TUESDAY'S ELECTION.

The voters of Dixon are to select, on
next Tuesday, the Mayor and Commis-
sioners who will administer the affairs
of the city for the next four years.

The office of Mayor is sought by two
men and there are eight candidates for
the office of Commissioner. Out of
this group, the voters are required to
select one mayor and four commis-
sioners. Men and women both vote
at this election. The voting places and
the hours of balloting will be made
known. The questions to be decided up-
on at the election are very important
and it is the duty of every voter to go
to the polls and vote. Study the list of
candidates with care, and select the
men in whose ability to manage the
city's affairs you have the most confi-
dence.

The office of mayor is, of course, the
most important position in the city ad-
ministration. The Telegraph has made
no recommendations to the voters in
this election because it is felt that both
candidates for mayor are very well
known to the people and there is no
necessity of informing the public on
facts with which the public is very fa-
miliar.

The same condition exists in the race
for commissioner. There is timber for
a good commission among the men who
are candidates. The voter should not
cast his vote through personal friend-
ship or sentiment or through any im-
pulse not guided solely by the needs of

WILL WE LEND OR GIVE?

The income tax budget for the year
1919—the tax payable next March—is
all smoothly outlined in the revenue
bill that fixed—but was a little late in
fixing—the income tax that a good
many citizens are now paying for the
year 1918.

The 1919 budget is decidedly encour-
aging, for though still large, it is smaller
than the one now in process of collec-
tion. It's going to be easier to pay the
tax next spring, if—

That's the rub. There are a couple
of ifs: If the nation proves to be as
prosperous in 1919 as it was in 1918;
and if the Victory Liberty loan is fully
subscribed.

Uncle Sam is spending the money
now that he expects to get from this
Victory Liberty loan.

If he doesn't get it—or if he gets only
part of it—then he'll go to congress.
He'll tell congress the people of the
United States have failed to LEND him
the money he needed.

And congress will decide that Uncle
Sam need not BORROW the money.
Congress will authorize him to TAKE
it. Congress will do this by amending
the revenue bill and by calling for in-
come tax next spring to cover all de-
ficits. The income tax may be larger,
not smaller, than that now being paid.

INTERVIEW

Victory at Tuesday's election will be gratifying to me because of the oppor-
tunity it will afford for serving the people worthily for the honor bestowed. It
will be a great satisfaction to me to redeem the pledges which I have made in
my platform. No act of mine during the campaign will cause me to blush when
I take office. I have presented a constructive platform, stating exactly what I
mean and stating it openly.

I regret that the campaign has been so short that it has been impossible for
me to meet every voter of Dixon. When the campaign opened I determined that
it must be won honorably or not at all. It has been waged honorably by me and
I feel confident that it has been won.

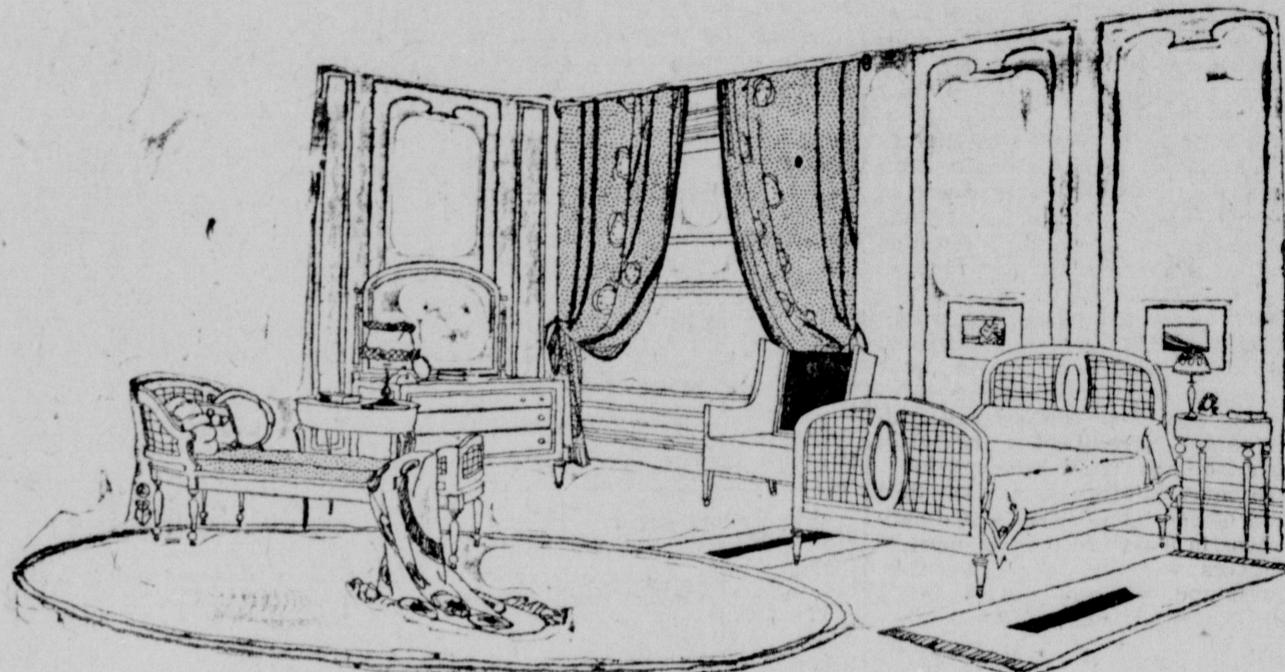

In conclusion, let me thank the voters for their courtesy and consideration.
There is only one way in which I can repay them and that is by being the kind
of a mayor that they want. My ambition is to serve the whole people of this
city, whom I know by only one name,—as my fellow citizens.

DIXON BOY DIED AS COMRADE WAS TRYING TO GET HIM TO CAMP

**Mrs. Lena Sofolo Hears
Details of Death
of Her Son.**

SHOT BELOW HEART

Mrs. Lena Sofolo, 618 Peoria avenue, received the following letter from Salvatore Scaramino, of New York City, who was the first to reach her son, Corp. Stanley Sofolo before he died on the battle field in France. Mr. Scaramino did all he could possibly do to relieve the young Dixon soldier before he died. Mrs. Sofolo was glad to receive something relative to the death of her son:

New York City, N. Y.,
April 3, 1919.

Dear Friend:

April 3rd, the day I was discharged from the army I received your most welcome letter. I was very pleased to receive an answer from you. I have been longing to hear since the morning I met Stanley, September 29, 1918.

Dear Mrs. Sofolo, you want to know how your son died and his last words. I will tell you the story how I happened to get acquainted with your son.

September 29th, when the 107th Regiment went over the top my regiment, the 106th, was behind the 107th in other words we were moppers up.

Three hours after the attack the field was full of enormous sights, all American troops in a mob formation, most of our officers were picked before they went over and so the story goes. After we got in the German trenches after they retreated, I met the unfortunate Stanley severely wounded. He had a machine gun bullet wound one inch below his heart. He asked me to help him. I was the only one around that side with him. I took off his shirt and bandaged him up. I tried to give him a drink of water. My canteen bottle had four machine gun bullets through it and I could give him no drink.

I questioned as to where he came from and how long he was lying in the place I found him. He told me only two hours and he was getting very weak. Then he gave me his wallet and photo which I had no time to look at and he said to give or send to his people. I put Stanley on my back and I went 50 yards. I was running very fast for the first aid station, 2 miles behind the line, but he stretched out on my back and I could get no other word from him.

He died from loss of blood. If he could have received quick medical treatment perhaps your son would be home now.

Mrs. Lena, I haven't answered your letter that I received. I just gave it the once over and I was so glad that I received your letter, so please when you receive this letter try to write to me about what you wrote in the last page of the letter I lost. These are the

photos and wallet that I received September 29, 1918, from your son, Stanley. I wasn't much acquainted with him but few hours.

Having nothing else to say, I send you all my best regards and let's hope we will make better acquaintance when I get around Illinois. I remain,

St. Jey's Friend,
SALVATORE SCARAMINO,
1 Livingston St., New York City.

In closing my campaign for Mayor at the coming election on Tuesday next, I would suggest to the voters what appeals to me to be some of the real issues in this campaign.

I believe that the people of Dixon are well pleased with, and desirous of retaining the Commission Form of Government; that they also favor the purchase of the waterworks system when the finances of our city will justify it; also that they favor, and desire a clean, economical and business administration rather than a highly polished, technical and theoretical mayoralty administration of the business interests of Dixon, which should at all times receive the application of the best and most thorough common sense abilities of its Mayor and Council.

I believe that it is advantageous to the city of Dixon that its Mayor and Council at all times be open to suggestions from its citizens and local organizations which are working for the advancement of Dixon and Dixon's industries and for the civic betterment of our beautiful city.

In closing, I wish to express my appreciation of the uniformly kind and courteous treatment extended to me since becoming your candidate. Some unkind things have been said about me during this campaign by some who were overzealous in promoting their candidate's interests. However, I believe that in this case, as generally, a knock is a boost, and that the settlement of these matters can safely be entrusted to the sound, common sense of the voters.

Thanking you, and urging that you go to the polls and vote for the man whom your judgment tells you is the right man on Tuesday next, I am

Respectfully yours,
MARK D. SMITH.

But at that, its heart is bigger than its bill. It is the only bird which shares its food with other and weaker fowl.

Goodrich, it is true, makes Silvertown Cords the handsomest tires—the very Beau Brummel tires of smart cars.

Yet if clumsiness and ugliness would add one mile to their service, Goodrich would make them clumsy and ugly as the queer old pelican.

"BEST IN THE
LONG RUN"

LT. JENNEY IN FINE ADDRESS HERE FRIDAY

(Continued from Page 1.)

gonne wounded, and was again wounded there. He had been out of the hospital 60 days. He was with the men in the front lines all of his time overseas, except that time spent in the hospital. He earned the name of the "Fighting Chaplain." Chaplain Jenney had a charge for five years in New York city before going overseas.

His address was inspiring, filled with enthusiasm and was overflowing with vim, energy and pep, and was pronounced by all as being the best Loan speech ever delivered in this county.

Have Best Appeal.

"In making this drive through your county don't be an optimist or a pessimist, but rather be a 'peptimist'; be a man who hopes rather than a man who hopes," said the speaker. "Men, you must believe in the cause. You must throw enthusiasm into this Fifth Loan. You say you do not have a patriotic appeal. Why you have the best patriotic appeal there is. Much more than you had in other similar campaigns."

You are not paying for a 'dead horse' you are paying for human life; you are paying to bring the boys back who are still over there.

"When the boys return, don't make lions out of them; don't make heroes out of them; don't make pets out of them. These boys are coming back to you mentally transformed; socially disarranged."

"This next loan is paying for a thanksgiving offering to God for a great victory."

"This loan is an education in Americanism. You can advance the doctrine of true American citizenship."

The above are some of the splendid things said by the eloquent speaker.

In speaking of "Who won the war?"

Lieut. Jenney said: "Don't say we won the war. Don't forget to give some credit to little Belgium, France and England. We entered the war just when there was a golden opportunity to accomplish something—and certainly did accomplish something. We will always win, America never fails."

Lieut. Jenney paid a glowing tribute to the American soldier. He described in detail many incidents on the battlefield. He recited several poems to better illustrate his driving points and the 400 men present pronounced Lieut. Jenney's address the most eloquent, forceful and convincing address ever heard delivered in behalf of a loan.

Six Not Present.

At the conclusion of the address of the afternoon, chairman Armstrong introduced Louis Fitcher, manager of the Dixon Home Telephone company, who called the roll of township to ascertain how many were represented by their chairman. The result of this roll call showed that six township chairmen were absent, but the townships were represented by one or more persons interested in the next drive.

Edward Vaile was next introduced by the chairman. Mr. Vaile took a little time in explaining the system of subscription. At the beginning of the brief address Mr. Vaile read a letter received by Chairman Armstrong from Rev. Father C. F. Conley, of Wat-

The letter follows: "I will be pleased to act as Marion township chairman for the coming Victory Loan. One valuable feature about the approaching campaign is that it will give us a chance to figure about what percentage of former subscribers pray only during a thunder storm. With best wishes for a successful Victory Loan, I remain,

Very truly yours,

C. F. CONLEY.

Attorney Harry Warner, chairman of the speaker committee, was introduced and told about the meetings for each evening next week. Mr. Warner made arrangements after the meeting for a meeting every night next week somewhere in the county."

"Safety First" Saves Many Lives on Roads

By Associated Press Leased Wire Washington, April 12.—"Safety first" policies, under direction of the railroad administration, have resulted in the organization of safety committees of employees and officers with 20,156 members as compared with comparatively few men serving in this manner a year ago. The railroad administration today called attention to the reduction in accidents as the result.

In January for instance, 94 persons were killed on railroads and 363 were injured, while in January, 1918, without the safety first movement developed, 212 persons were killed, and 3118 were injured.

The safety section of the railroad administration plans to make May a "no accident month" in the southwestern region.

AMUSEMENTS

DIXON OPERA HOUSE

Laughter will reign supreme at the Dixon opera house on Wednesday evening, April 16, when the brilliant New York comedy success, "Mary's Ankle" will be presented by a company of established fun makers headed by Wm. H. Lytell. Four months in the metropolitan to capacity business, with a similar reception on tour, has stamped this collection of joyous jollity one of the season's laughing hits. It is claimed that a large part of the success enjoyed by this comedy is due to the fact that a really interesting story is unfolded with the fun being a legitimate part of the same. Three bright, but very greatly embarrassed young professional young men on the verge of something even worse than financial bankruptcy, and a very charming young person with a most attractive ankle, become compromised in a series of ludicrous situations and there is a riot of fun which continued until the very end when all is explained to everybody's satisfaction.

Preminent in the support of Mr. Lytell are included Helen Spring, James Billings, Hal Gwynn, Thomas F. Myers, Dorothea Sadler, Lillian Schaffner, Olive Cameron, Dick Lee and others.

MAY 15 SHOULD BE REMEMBERED BY EMPLOYERS

Is Last Day for Filing Returns with Income Tax Department.

Chicago, April 12.—Organizations and individuals generally are advised by Collector of Internal Revenue, Julius F. Smietanka, to underscore on their calendars May 15th, the last day for the filing of returns of information, giving the names and addresses of all individuals to whom payments of salaries, wages, rents, interest, commissions and other gains, profits and income of \$1,000 or more were paid during the year 1918. An extension of time from March 15th to May 15th was granted by the Commissioner of Internal Revenue for the filing of these returns.

"All employers of labor, whether in large or small numbers, are required to make these returns," said Collector Smietanka. Organizations, such as corporations, companies, partnerships, etc., are required to file returns showing the salaries and wages paid to the officers and employees.

"A separate return for each employee whose salary for 1918 was \$1,000 or more is required.

"Banks, trust companies and similar institutions must make return of information showing interest paid to, or credited to the account of an individual, if the amount so credited or paid was \$1,000 or more.

"Real estate agents are required to report the gross amounts received in rents or other income and remitted to their principals if such amounts for 1918 were \$1,000 or more. The bill provides that whenever necessary the name and address of the recipient of the income shall be furnished by the person, corporation or partnership paying them. Returns of information must be filed with the Commissioner of Internal Revenue, Sorting Division, Washington, D. C. Collectors of Internal Revenue are not authorized to receive such returns. Form 1099 upon which reports must be made, may be obtained, however, from the offices of the Collectors.

Returns of information must be accompanied by a letter of transmittal on Form 1096, showing under oath the aggregate amount of the payments. These forms also may be obtained from collectors.

"The penalty for failure to make a return on time is a fine of not more than \$1,000."

Foreigners May Take Billions from U. S.

By Associated Press Leased Wire New York, April 12.—All the savings banks in the United States are asked in letters sent out today by the savings bank section of the American bankers to check the exodus from this country when thousands of aliens who are sailing for their native lands with millions of American dollars. But due to bolshevik propaganda the letters say, an alarming proportion of the 15,000,000 foreign-born population in the United States are selling their liberty bonds and withdrawing their money from the banks.

"It is estimated that about 1,300,000 cannot be stopped from going and that they will carry with them nearly \$1,000,000,000 or four-fifths of the total currency in circulation and in reserve in the United States before the war" said the letter.

Zapata Was Killed in General Battle

By Associated Press Leased Wire Mexico City, April 12.—General Emilio Zapata, the rebel leader of Southern Mexico, news of whose death reached this city yesterday, was killed Thursday morning during an engagement between his troops and government soldiers, who had by a ruse entered his camp at Hacienda Chimeneca, near the village of Petalcingo, Morelos. The government soldiers, under the command of General Pablo Gonzalez, planned to capture the rebel chief and pretended they were a part of the 40th regiment which had come to join Zapata's force. When Zapata was asked to review the men he became suspicious and took with him a large number of rebel troops. This prevented the carrying out of the plan and resulted in a general fight. Zapata fell with many of his followers. A number of government soldiers also lost their lives.

The government is taking unusual

precautions to establish the fact of the rebel leader's death. Official photographs have been taken of the body, which has been viewed by many who knew Zapata and depositions have been required from those taking part in the battle.

Detroit Asks That Troops Be Returned

By Associated Press Leased Wire Detroit, Mich., April 12.—The "Detroit's Own" Welfare association composed of relatives of men in the 339th Infantry, a part of the allied force in Russia, has appealed to the war department for leniency in dealing with American soldiers who mutinied March 30, when ordered to the front lines. The message refers to "the odds against which the troops are fighting and renews the request that they be withdrawn at an early date.

The 339th known as "Detroit's Own" comprises the greater part of the American forces in Russia.

Typhus Epidemic in Balkans is Growing

By Associated Press Leased Wire Cannes, France, Friday, April 11.—(Delayed)—Grave reports relative to typhus fever in Eastern Poland, Russia, Serbia and Macedonia were received at the Red Cross conference here today from Red Cross agents in those countries. During the session experts on typhus who were present formed a committee to advise the organization as to means for combating the disease, forecasting a new organization within the Red Cross.

Reports from agents gave experts the impression that the situation was even more serious than was stated in messages received but that proper measures would probably prevent the disease from spreading to Italy, France, England and America.

SALTS IS FINE FOR KIDNEYS, QUIT MEAT

Flush the Kidneys at once when Back hurts or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

Mrs. Maier had arisen as usual Monday morning and after preparing breakfast went to the barn to call the boys in for the meal, when on the return she was suddenly stricken with a form of paralysis and had to be carried to the house. Two doctors were summoned immediately but to no avail and she continued to grow worse and was taken to the Compton hospital the same evening. Her condition remained unchanged Tuesday, and at 6:30 Tuesday evening she passed beyond. She had spent Saturday in town shopping and attended church Sunday morning and seemed to be in the best of health. Mrs. Maier came from Seneca, Ill., and with her husband made her home on a farm in Viola township for the past twenty years, and had gained the friendship of everyone by her social and pious life. Arrangements for the funeral were made for Friday at 11 o'clock from St. Mary's church, and interment will be made at the Catholic cemetery. Today's Market Report

(By Associated Press Leased Wire)

FURTHER GAIN IN CORN RESULT OF HIGH HOG PRICE

Chicago, April 12.—Higher prices for corn resulted today from strength in hog prices, a decrease in country offerings and from report credited to the food administration that the United States surplus wheat crop harvested during 1919 would be disposed of using little if any of the \$1,000,000,000 guarantee fund provided by congress. Opening quotations which ranged from 1/4 to 1 1/2c higher, with May \$1.58 to \$1.59 and July \$1.51 to \$1.51 1/2, were followed by a slight further gain and then some thing of a reaction.

Oats bulged with corn. After opening 1/4 to 1 1/2c higher, with May 68 1/2 to 68 3/4c the market continued to show strength. Provisions were active and higher owing to improvement in the export situation. Packing interests were conspicuous buyers.

Announcement that huge shipments of foodstuffs within the next thirty days were vital to the maintenance of life and order in Europe tended to prevent any decided bearish reaction. The market closed firm, 1/4 to 1 1/2c net higher, with May \$1.58 1/2 to \$1.58 3/4 and July \$1.51 1/2 to \$1.51 3/4.

Weekly Grain Review.

Chicago, April 12.—All deliveries of corn have this week ascended to new high-price records for the season, but the gains have later been virtually wiped out by increased domestic offerings and by competition from Argentina. Compared with a week ago, corn quotations this morning range from 1/2c decline to 1/4c advance, oats were unchanged to 1/4c lower, and provisions at gains of 42c to \$1.65.

Strength developed in the corn market owing to the fact that rural offerings here are more liberal than previously were for the most part held at comparatively high figures. An outlook for great extent asking prices in the country averaged \$1.50 a bushel net at leading stations. Besides, talk of car shortage holding back the crop movement was current, and a good deal of bullish sentiment was engendered by action of the Chicago board of trade directors in ordering withdrawal of the maximum limit on changes in the value of provisions. Declines in the corn market, however, ensued when greater pressure to sell became apparent both from domestic producers and from Argentine holders as well. Oats were swayed principally by corn.

Good export business and hog prices at a new top level for 1919 gave decided strength to provisions.

SOLDIERS' LETTERS

FROM ROYAL FITZSIMMONS.

Written by Royal Fitzsimmons to his people, the John Fitzsimmons' family here:

I am rather tardy in writing but when you're chasing from one end of this country to the other, what can you expect? We left Rotterdam after a week ago and arrived in Plymouth for coal on the 17th of March. That meant a big stay so we all went ashore and wound up at a regular dance given by some of the American sailors who are stationed here in this port. They had their own orchestra and maybe it didn't sound fine to hear some regular snappy Yankee music. We had a good time at the dance as everyone was friendly even if they couldn't dance some of the dances.

Before we left Rotterdam I had a chance along with Lieut. Jacobs to visit Amsterdam and The Hague. They were interesting enough but the people seemed to be more or less hostile to us. It may have only been our imaginations or just the sleepy slow moving way they always move. I don't know, which but we gave them the benefit of the doubt.

Did I tell you I met Frank Connolly in Rotterdam? He is the lad I used to "buddy" around with in Chicago last winter. He was quite surprised and no more so than I at our meeting in such an out of the way place.

There is nothing to buy in these places except pottery and they already have learned the art of two prices, one for Dutch and one for Americans. I bought a few pieces and a pair of small wooden shoes which I will send home when we arrive in New York. However, let's hear a word from you the very day you receive this letter. Send it to New York Postmaster care of the Westford, as usual.

Well, now that we are in England let's forget Holland, even though once seen it never forgotten. The good ship Westford arrived in Plymouth on the 17th for coal and the engine pumps went on the bum at the same time so

here we are over a week instead of two days. It's all in the game so we make the most of it.

Two men got leave and went over to Ireland to visit relatives and six of us, including the captain and Lt. Jacobs went to London for a week-end visit. Our fare was furnished by the naval base here and we left Friday night, arriving early Saturday morning in London. Then the fun started. We went everywhere possible and saw everything of old historic fame of which London is full. Then we saw the King's Guard parade with the Prince of Wales in the lead on Saturday afternoon. Sunday we were at Westminster Abbey, the Cloisters, Parliament houses, the Tower, crossed London Bridge over the Thames and in fact covered everything even the "Old Curiosity Shop," of Charles Dickens' day. We walked up Drury Lane and Charing Cross and many other places I had heard or read about. We left London Monday noon and enjoyed the hills and valleys with their old castles of hundreds of years ago, passed through Wellington and saw the huge monument erected in honor of the Duke of the same, who played so important a part in the battle of Waterloo. It was well worth the trip and I am glad that I had the chance to make it. But now the next thing is the return trip to New York. We expect to leave tomorrow or soon after so I may beat this letter to the States.
